- **Courses in bold print have prerequisites which must also be met.**
- All courses must be completed with a grade of "C" or higher in order to transfer.
- The course evaluation as listed in the [Course Equivalency Guide \(CEG\)](#) is valid for the academic year in which the student satisfactorily completes the course.
- A course evaluation may be subject to changes in subsequent issues of the [Course Equivalency Guide \(CEG\)](#) due to changes in the university or community college curriculum. Thus, prior to registering for any community college course, students must always check the CEG to identify the current equivalency of the courses they are planning to take.
- [Key to ASU General Studies Credit Abbreviations](#)
- Completion of the ATP provides exemption from ASU admission requirements for students who complete the degree with a minimum 2.0 (4.0=A) for Arizona residents and a minimum 2.5 for non-residents. The ATP degree *does not* assure admission to any specific program at ASU. Students should always verify the program specific criteria needed for enrollment in their desired major.

### ATP NOTES

- All three awareness areas are required. A single course may be used to satisfy one core area (e.g., HU) and two awareness area requirements.
- Except PSY 290 or equivalent.
- The language and cultures requirement may be satisfied through one of the following:
  - completion of secondary education at a school in which the language of instruction is not English; or
  - completion of a language course at the intermediate level (202 or equivalent), including American Sign Language IV; or
  - completion of upper division course(s) taught in a foreign language, taken in the United States or the relevant country (contact college advisors for information on individual majors); or
  - completion of six hours of upper division courses that have a Global Awareness (G) or Cultural Diversity in the U.S. (C) designation, in addition to the courses used to meet the University General Studies requirements; or
  - completion of two sequential semesters of course work in a current computer language (contact academic advisors for information on individual majors).
