- **Courses in bold print have prerequisites which must also be met.**
- All courses must be completed with a grade of "C" or higher in order to transfer.
- The course evaluation as listed in the [Course Equivalency Guide \(CEG\)](#) is valid for the academic year in which the student satisfactorily completes the course.
- A course evaluation may be subject to changes in subsequent issues of the [Course Equivalency Guide \(CEG\)](#) due to changes in the university or community college curriculum. Thus, prior to registering for any community college course, students must always check the CEG to identify the current equivalency of the courses they are planning to take.

- Completion of the ATP provides exemption from ASU admission requirements for students who complete the degree with a minimum 2.0 (4.0=A) for Arizona residents and a minimum 2.5 for non-residents. The ATP degree *does not* assure admission to any specific program at ASU. Students should always verify the program specific criteria needed for enrollment in their desired major.

Consult with an MCCCD ATP certified advisor to select courses to meet the following requirements and to complete the minimum 60 credits **but no more than a total of 64 credits**. To meet the different area requirements, select courses from the current [CEG Course Equivalency Guide](#) or the [ASU General Studies Guide](#)

Cultural Diversity	0-3	Cultural Diversity [C]	See ATP Notes 2 and 3
Global Awareness	0-3	Global Awareness [G]	See ATP Notes 2 and 3

ATP NOTES

¹ Acceptable math courses are MAT, 251, 260, 270 or higher.

² All three awareness areas are required. A course CAN satisfy TWO awareness areas simultaneously. The third or fourth semester of a second language (except Latin, Greek, or sign language) satisfies the Global Awareness [G] requirement.

³ It is possible to select foundations of behavior courses that concurrently satisfy General Studies [HU], [SG], [SQ] and awareness areas ([C], [G] and [H]). Major Related Courses meet the following criteria: a) They satisfy General Studies AND b) They transfer as either Departmental Electives or Direct Equivalencies to courses in the following departments: ASB, ASM, BIO, GCU, HPS, PHI, SOC. Students should select courses that double dip to avoid exceeding 120 credit hours for completion of the Baccalaureate.

Recommended Natural Science Courses –

Natural Sciences [SQ]	4 – 8	Select courses that transfer as DEC or have an equivalencies in ASM or BIO.
Natural Sciences [SG]	0 – 4	

Students must take two natural science classes, in addition to the ASU PSY 290 equivalent.

⁴ Credit range depends on the number of courses a student takes that double dip (meets General Studies requirement and required major course).

⁵ Psychology Electives are courses that transfer to ASU as Departmental Elective Credit [DEC(PGS) OR DEC(PSY)].
